IT ALL

MATTERS.

---

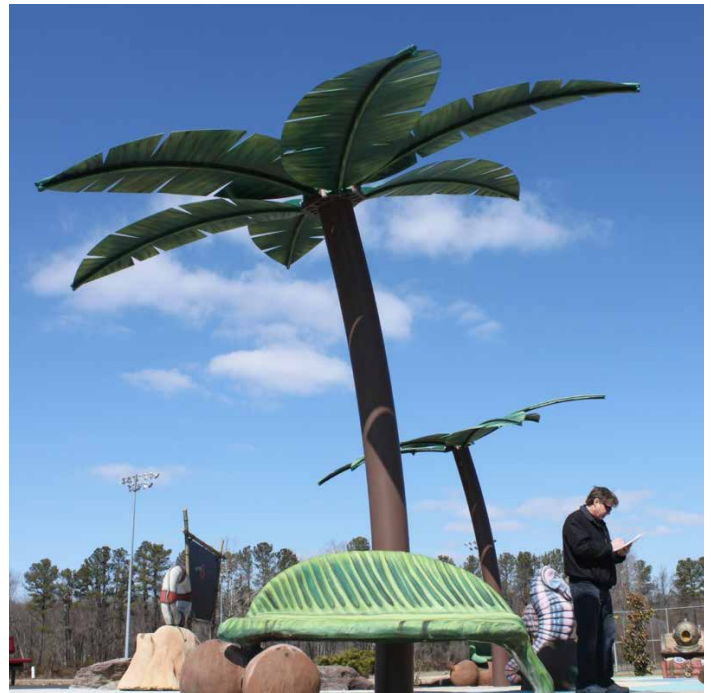

AN ENTRANCE  
IS THE FIRST  
IMPRESSION, AND  
AN INTRODUCTION TO  
THE EXPERIENCE.

---

Cre8Play chooses materials for extreme durability including GFRC (glass fiber reinforced concrete), steel, composite wood, metals and plastics. Industrial grade coatings including anti-graffiti sealants are applied for protection.

---

PROVIDING  
SHADE AND  
SHELTER  
INCREASES  
PARK  
VISITATION  
AND DURATION  
OF STAY.

---

A photograph of a modern playground. In the foreground, a wooden ramp with metal railings leads up to a platform. The ground is covered in a light-colored, textured material. In the background, there are various other playground structures, including a slide and some green equipment. The text "CRE8PLAY CHOOSES DURABLE AND SUSTAINABLE MATERIALS." is overlaid in white, bold, sans-serif font.

CRE8PLAY  
CHOOSES  
DURABLE  
AND  
SUSTAINABLE  
MATERIALS.
