DESIGN
THAT
CREATES AN
ALTERNATE
REALITY.

OFTEN TIMES
WE FIND THAT
THE ONLY THING
MISSING IS A
LITTLE BIT OF
CHARACTER.

Perhaps your space is in need of just one original sculpture, one unique climber or even an interesting public art piece. Cre8Play will identify options that will help revive your space and take your environment from stale to stand-out.

WHIMSY OR
REALISTIC,
OUR SCULPTURES
HAVE THE POWER
TO TRANSFORM
A SPACE.

They provide a completely new and original experience. Cre8Play uses a proprietary concrete blend for ultimate durability. Our materials are selected for the most extreme outdoor elements to stand the test of time.

A photograph of a playground. In the foreground, a large, textured tree trunk stands next to a circular stone fire pit. The fire pit has a metal grate cover. In the background, a green slide and other playground equipment are visible on a green rubber safety mat.

CHALLENGE
THE
STATUS QUO
AND TAP

UNEXPECTED.

OUR DESIGNERS
AND ARTISTS USE
HAND SKETCHES,
DIGITAL
RENDERINGS,
