

Specially designed turf for our four legged friends

Pets will love the natural outdoor look and feel of Pup Turf from GT Impax. Our turf, specially designed for our friends with paws and claws, is perfect for dog parks, boarding facilities, and veterinary offices. Pup Turf's exclusive perforation allows for rapid drainage fostering a cleaner environment.

✓ Tips

- Optional drainage tiles can be installed to promote faster drainage
- If indoors or in drier climates, wash routinely to avoid a buildup of pet waste

Basic Specifications

- Pup Turf features a warp knit primary backing coated with the Silverback™ Urethane system providing extra strength against wear from paws and claws
- Made up of a blended mono filament that is tufted and texturized to create a dynamic pet product with less matting than any standard polyethylene system
- Includes EnviroFill infill with Microban protection to help fight the spread of bacteria
- 7/8" Pile Height
- 89 oz/yd²
- Fabric Width is 12 feet

Benefits

- Drains quickly to help prevent puddles
- Natural look and feel provide appeal without moving and watering
- Odors quickly wash away with water
- Cooler surface temperature compared to other surface options
- Anti microbial properties help fight bacteria
